

# Downeast Thunder Farm Screech Owl Felt Ornament

©2012 Downeast Thunder Farm  
www.downeastthunderfarm.com

Start this owl by first creating the face. Place the beard onto the head and tack into place. Pin the crest into place. Make the eyes and tuck them until the edge of the crest. Tack into place with black floss. Tack the brows into place with matching floss.

Pin the wing onto the body front and then pin the completed face, overlapping the wing a bit. Attach the wing to the body with the decorative stitching using six strands of black floss. Add the small decorative stitches to the chest. Attach the face to the body with a series of three stitches on either side of the eyes using one strand of brown floss.

Pin the completed body front and body back together and sew together using a blanket stitch with three strands of brown floss. Pause to stuff with fiberfill before finishing.

Have fun!
