For this hare make two mirror images that you will later sew together for a double-sided ornament.

Sew on the ear with a running stitch around the edge in a matching floss. Sew the eye on with black floss. Add a white French knot to the eye as a highlight.

Create the nose with a satin stitch in black. Use one strand of black floss for the mouth stitching. With gray floss, add the decorative stitching to the ear, head, and feet.

Pin the body front and back together and sew the edges together with a blanket stitch using white floss, pausing to stuff lightly with fiberfill before completing.

Just above the nose, brush on a tiny bit of brown eyeshadow for the slight shading above the nose.

Have Fun! *Susan*
