Position the chest and tack with white floss. Position the head overlapping the chest slightly; pin. Sew on the ears using one strand of matching color floss. Add the nose with a running stitch around the edge with two strands of black floss. For the eyes, sew the outline of two small ovals and fill with satin stitches with two strands of black floss. Add the decorative stitching for the mouth with the same black floss. Add the decorative stitching that defines the leg with two strands of gray floss. Repeat the decorative leg stitching on the flip side of the other body piece.

Sew the body pieces together with a blanket stitch using two strands of gray floss, pausing to lightly stuff with fiberfill before finishing.

Have Fun! *Susan*
