Position ears on body front. Using dark gray floss, add decorative stitching to ears. Cut a small oval of black felt for the nose. Position and tack with black floss. For the eyes, begin with a black French knot for the pupil. With gold floss, edge the sides and bottom of the French knot. With one strand of black floss, add the upper and lower edges to the eyes.

Add the decorative stitching to the rest of the body using a combination of gray and brown floss. Position the tail between the two body parts and tack on the wrong side of one of the body parts.

Sew the body front and back together with with a blanket stitch using one strand of gray floss. Before finishing, pause to lightly stuff with fiberfill.

Have Fun!
