

Downeaster Thunder Farm Orca

Copyright 2018 Downeast Thunder Farm

Create two mirror images of the whale for a double-sided ornament. Note: I used two strands of floss throughout.

Begin by adding all of the marking pieces using a running stitch around the edges in matching colored floss. Create the white marking at the base of the tail with a few satin stitches in white.

Position the fin, overlapping the white marking and tack along the top with a running stitch in black floss.

Use a seed bead for the eye. I used a dark copper colored bead for a bit of contrast against the black body.

Pin the two body pieces together; sew together with a blanket stitch using black floss. Pause before finishing to lightly stuff with fiberfill.

Have fun!
