

# Downeast Thunder Farm American Badger

Copyright 2025 Downeast Thunder Farm

Use one strand of floss unless noted.

- Position the neck; tack with a white running stitch.
- Position face overlapping neck; tack with a white running stitch.
- Position face, cheeks, and ears; sew with a black running stitch.
- Sew on the eye with a black French knot using two strands of floss. Alternatively, use a #8 black bead.
- Position the feet and sew along the inside edge with black floss.
- Sew the decorative running stitches that define the tail and shoulder using two strands of floss with the colors noted on the pattern.
- Create the back side by repeating the feet and the decorative running stitches.
- Using two strands of floss, sew the sides with a blanket stitch. You can match the floss color to the felt, as I did, or choose a single color. When 1.5" from finishing, lightly stuff the body with fiberfill. Finish off.

Have fun!

*Susan*
