

Downeast Thunder Farm Seal

Copyright 2019 Downeast Thunder Farm

- Using two strands of black embroidery floss, add the decorative running stitches on the tail.
- Position the flipper. Using one strand of gray embroidery floss, tack with a small running stitch around the edge. With one strand of black floss, add the decorative running stitches to the flipper.
- Position the snout. With one strand of gray embroidery floss, add a running stitch along the top edge. Use one strand of black floss to create the mouth.
- Position the eyes and tack using one strand of black floss. Finish off with a black seed bead.
- Create the whiskers with a stiff weight white thread - slide your needle through from the back and snip, repeating for the remaining whiskers.
- Add the flipper and tail stitching on the body back side.
- Pin the two body pieces together. Using two strands of gray floss sew the two body pieces together with a blanket stitch. Before you finish the blanket stitch, pause to lightly stuff with fiberfill.

Have fun! *Susan*
