- Create two mirror images for a double-sided ornament.
- Position the ear and tack it at the bottom with brown floss.
- Using black floss, position the eye felt and tack it with a black glass bead (I used at 13mm).
- With the black floss, add the stitches for the mouth and a small French knot for the nostril as illustrated.
- Using one strand of beige floss, add the stitches representing the quills - shorter stitches near the face, longer along the body, using the pattern as a guide.
- Repeat on the mirror image of the other body piece.
- Sew the two bodies together with a blanket stitch using two strands of brown floss. Pause 1.5 inches before finishing and lightly stuff with fiberfill. Finish stitching and tie off.

Have fun! *Susan*
