

# Downeast Thunder Farm Minimalist Chickadees

© 2023 Downeast Thunder Farm

Create these Chickadees from felt or paper.

## Felt Version

- Sew all pieces using a running stitch with one strand of matching colored floss.
- Use seed beads for the eyes.
- Use French knots for the feet.
- Create the "wire" with some long running stitches to give it a smooth look.
- Sew all pieces onto one circle. Add a second circle for the back and sew both together with a running stitch around the edge.

## Paper Version

- I used magazines for my colors but you can use any type of paper.
- Any craft glue that dries clear will work - I used PVA archival quality glue.
- Use brown pen to draw the "wire", black pen for the feet, and a white marker for the eyes.
