Make two mirror images of the body to create a double-sided bird.

Sew on the beak with with black embroidery floss to create the mouth. Create the eye with either a black French knot or sew on small black glass bead.

Position the tail and tack on with a running stitch using two strands of white floss for the decorative stitching.

Pin the wing on and add the decorative stitching with two strands of either white or pale gray floss. Tuck the foot under the wing and tack. Tack the leg to the back side of one of the body pieces.

Sew the body pieces together with a blanket stitch using two strands of white floss.

Have Fun! *Juan*
